

LILIANA ARDISSONO's CV

Liliana Ardissono, Ph.D, is an Associate Professor at the Dipartimento di Informatica of the Università di Torino, Italy.

Research interests: User Modeling and Adaptive Hypermedia, Context-aware systems, Computer Supported Collaboration. She is author of more than 80 papers published in international journals and conferences. Since 2011 she collaborates with the Dipartimento Interateneo DIST (Università di Torino – Politecnico di Torino) on the management of sustainable public policies, focusing on ICT.

Boards:

- Member of the Editorial Board of the international journal User Modeling and User-Adapted Interaction (www.umuai.org/boards.html, Springer).
- Member of the Advisory Board of User Modeling Inc. (<http://www.um.org/user-modeling/board>), two international reference points for the research on user modeling and personalization. She was the Secretary of the Board of Directors of UM Inc. since 2005 until 2015.

Projects:

- Local coordinator (for Dipartimento di Informatica of the University of Torino) of project “Mappe di Comunità 3.0 (<http://ontomap.dyndns.org/>, 2014-2015), funded by Fondazione CRT, Torino, and carried out by the Università di Torino and Politecnico di Torino, in collaboration with CSI Piemonte. The project is aimed at designing a model for managing Community Maps which can be customized to meet personal interests and which support advanced research functions and the management of shared information spaces.
- She participates in project MIMOSA (MultiModal Ontology-driven query system for the heterogeneous data of a Smartcity, 2015/2016, “Progetto di Ateneo”, funded by Fondazione San Paolo, Torino). The project is aimed at defining techniques for a multimodal interaction with the user within interactive and customizable community maps.
- Local coordinator (for Dipartimento di Informatica of the University of Torino) of project ToM: Tourist on the Move (Alcotra Innovation, 2012-2013, www.alcotra-innovazione.eu/azioniPilota/ap2.shtml) aimed at developing mobile tourist information services.
- She previously collaborated at various national and international research projects; e.g., QUADRANTIS (PRIN, 2006), WS-DIAMOND (2005-2007, FET - VI Framework of the European Community) and CAWICOMS (VI Framework of the European Community).
